Project Title: Property Access for Prospect Showings on

BCTIFA Propert

Proposed to be funded?: Yes

Priority: 1

New Project?: No

Project Description:

Develop access points and viewing sites on TIFA owned property to enhance showing of property to prospects. Extend access roads and utilities for the following property sites: River Rd/Armstrong Rd; Harts Lake Rd; Brydges Dr/River Rd.

Project Justification: Only required if development demand dictates such a design. Without being able to see and understand the land layout and opportunities for development, marketing of the property is made difficult.

Project Title: FCIP Storm Water Retention Plan Proposed to be funded?: Yes

New Project?: No **Priority: 2**

Project Description:

Construct storm water retention areas to be used by new and expanding companies in

FCIP as retention/detention areas to comply with new state storm water regulations.

Project Justification: Project is required to prevent excessive site development costs by companies, and as an overall land-use strategy to minimize the consumption of excessive land by creating retention areas to be shared by companies vs. multiple separate retention areas for each company.
