| Briefly state why you wish to serve, and why you believe you are qualified for the position | <p>My last 15 years were devoted to designing and implementing corporate sustainability initiatives. I developed expertise in championing environmental sustainability projects seeking partnerships, building constituencies and producing measurable results to secure project funding and inspire cooperation from a diverse group of stakeholders.</p> <p>My recent master's degree helped me gain additional skills in the latest practices of climate change mitigation sustainable development. Some of my course work that may be relevant to the committee's activities include: Hydrologic Budgeting, Water Quality Management Strategies, Environmental Health & Toxicology, GIS Spatial Analysis, Modeling and Web Applications, Public and Private Land Conservation, Conservation Biology and Sustainable Management of Forested Landscapes.</p> <p>In addition, I grew up in Battle Creek and have an interest in the City's future and success. My personal, professional and educational interests have aligned to give me an extraordinary appreciation for the value of our natural environment and the ecosystem services it provides to humanity. I would consider it an honor to assist the city in achieving the goals outlined in the Environmental Sustainability Plan</p> |
